11 active volunteers in 2025

Mission Statement

The Mission of the Buena Vista Pregnancy Center (BVPC) is to serve Chaffee, Lake and Park counties. We demonstrate the grace and love of Jesus Christ by addressing the emotional, physical, and spiritual needs of our clients. We promote whole-person health education for youth and families through our relationship curriculum. Further, we educate the local communities on the importance of human life.

● Series 1

Finding Encouragement and Support

Several months ago, we had a couple from another country come to the BVPC saying they were pregnant. They were married a year ago, working on learning English, no family in the United States and their only support is each other. At the Center, they received support, answers to their medical questions, participated in Bright Course classes, had a pregnancy test, ultrasound, and are participating in our Labor and Delivery Class. They now come in regularly to the Center; we have come to love them.

Group Parenting Education

Our parenting series helped 16 mothers and fathers develop long-term parenting plans, increasing self-sufficiency and deepening sense of community.

- **Conscious Discipline** offers skills to transform everyday discipline issues into teachable moments, equipping children with the social-emotional and communication skills needed to self-regulate, resolve conflict and develop healthy behavior.
- **Circle of Security** focuses on the developmental importance of attachment for every human being and relies on research using attachment theory.

Lessons Taught by the BVPC in 2025

Bright Course - 392
 Group Parenting - 116
 Real Essentials - 94

Bright Course Lessons are up to date and helpful video lessons on pregnancy, infancy, toddlers, parenting, and life skills. Clients watch classes, complete homework, and meet with a BVPC Client Advocate to discuss lesson content.

REAL Essentials Advance is the country's leading relationship education curriculum. It is specifically designed to equip young people with the skills needed for combating challenges they face in adolescence. Lesson content captures the student's attention through interactive activities and directs them toward positive decision making. The sexual health components of REAL Essentials Advance are SRA (Sexual Risk Avoidance) approved. All lessons are inclusive, evidence based and medically accurate.

Ever After is our annual middle school event that functions as a day retreat to point our young ladies to find their identity in Christ. 47 - 6th, 7th, and 8th grade students attended on April 26, 2025.

- 50 Plus Visits - 1

Our client emerged from a deeply painful relationship with the father of her child, leaving her homeless in California. Seeking refuge, she relocated to Salida to be near her mother. Following this profoundly turbulent chapter in her life, she found her way to BVPC. On her first visit we completed a pregnancy test which was confirmed positive and an ultrasound revealed she was 26 weeks along. At that time, she appeared weary and lacking in confidence.

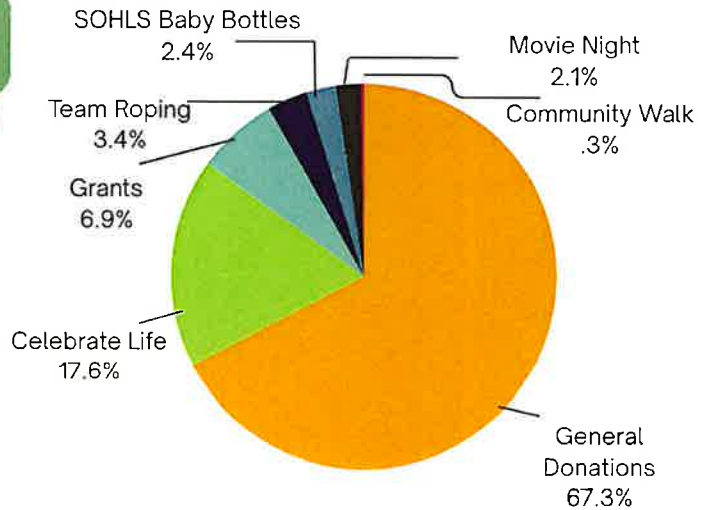

She has since blossomed into a devoted and loving mother to a beautiful daughter. She has returned to school, is actively participating in our group parenting classes, and engaging in Bright Course Classes, reflecting remarkable resilience and growth.

The Gift of Life

He came in with his girlfriend who was unexpectedly pregnant. He expressed to us that this pregnancy and his partner are such a blessing and had changed his life. He even mentioned that he had a recording of the baby's heartbeat on his phone that he listens to in stressful moments. It reminds him that he has so much to live for and that he wants to be the best father he can be for his unborn child. Even in the midst of stress and worry, he recognizes the blessing, gift and hope that is found in this new life.

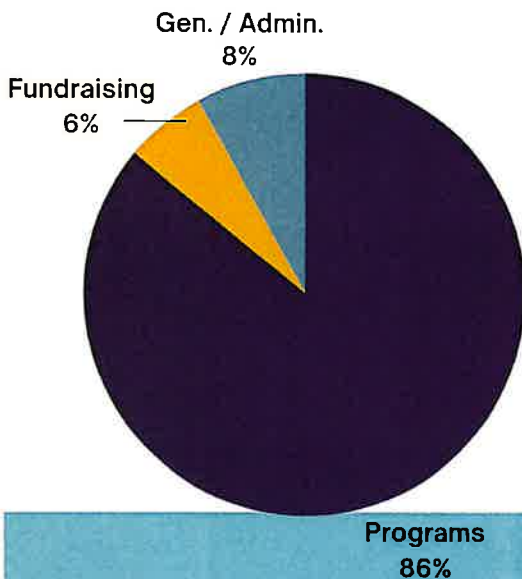

BVPC 2025 Income \$245,505.00

Vision Statement

Buena Vista and the surrounding region is a community where each family is equipped and receives encouragement to choose life and completely take on the challenges of parenting. There thrives a prevailing social norm throughout our culture where the Gospel of Jesus Christ and His message of salvation and healing is recognized, practiced and proclaimed as Good News by all.
